	_The tour <u>Dynamic Pantanal</u> suggested is the Low at Wet Season and High at Dry Season, or both combined for a wider view of the region and most varied species of wildlife. _The <u>Remote Pantanal</u> is done by land only on the climax of the dry season (Jul/Dec). At other seasons, it would need the use of horses, jeeps, tractors or charter flights to reach it and have the opportunity of observing rare animals. _02 night added to the Remote Pantanal would give, in the climax of the dry season (03 months/ year), the opportunity of crossing two river valleys (Paraguayzinho and Bento Gomes), on taken an off-the-beaten-track through isolated areas only accessed by a 4WD – what guarantees an unique wildlife seen and to live the harmony man-nature. _At the <u>Savannah</u> , for relaxing or comprehending the geological formation of the continent is suggested extension to <u>Jaciara</u> (rafting, hot springs and cave paintings). _An extra night in Chapada would allow the full-day visit to the National Park with walks through six waterfalls (Pulo, Andorinha, Degrau, 07 Setembro) and a cave (Casa de Pedra) or to the Aroe Jari cave (the biggest in sandstone formation in Brazil) connected to the Blue Lake Cave and Martinha waterfall. _An extra night in Nobres would allow the visit to the Blue Hill Waterfall and a snorkel at the River Triste (with chances to see the fresh water Sting-ray fish).
